

**SIERRA HEALTH**  
MEDICAL CENTER • HAITI

# SIERRA WOMEN AND CHILDREN'S CENTER

---

Brought to you by HERO Client Rescue S.A. in partnership with Doctors Bitar and Bitar

## COMING TOGETHER, TO INVEST IN HAITI

Despite Haiti's current crisis, we maintain our commitment to **leading**, **advancing**, and **investing** in Haiti's **medical system**. We are excited to announce the opening of our new **Women and Children's Center** in **Petion-Ville**, Port-au-Prince.

## MODERNIZING AND INTEGRATING

We are developing state of the art technology and systems to **modernize nationwide** access to **high quality** medical care.

We are also building upon our **extensive** medical **network** and systems to **integrate and advance** medical care and institutions throughout **Haiti**.

---

# Revolutionizing Pediatric and Maternity Care in Haiti

Sierra Women and Children's will be prepared to treat **Haiti's most vulnerable**. Our center will consist of a comprehensive Pediatric and Neonatal **Emergency Room** and **ICU**. Bringing together Haiti's leading Pediatric Doctors to provide a full range of services.

This will also be in immediate proximity to our Labor and Delivery floor. Sierra will provide pregnancy services throughout the **entirety of pregnancy**, birth, and Post-Partum. Giving **peace of mind** to mothers that all of their medical care will be in a **centralized high standard hospital**.

We will have a fully equipped **Operating Theater** for Cesarians and small procedures, a full staffed Urgent Care, comprehensive Imaging, In-patient services.

We are also building a start of the art **Hospital Management System** that will include **tele-health** services. This combined with **multiple** small **clinics** we are building throughout the nation, we will be able to connect Women and Children to high quality care **regardless of location**.

Sierra Women and Children's will be a fully comprehensive Pediatric and Maternity Hospital

**This will be the first hospital in Haiti to be able to provide comprehensive care for both mother and child**

# LEADERS IN PRE-HOSPITAL AND DISASTER CARE

## PRE-HOSPITAL CARE

HERO was one of the first and now the **largest** public + private **EMS agency** in the country, reaching all 10 department of Haiti.

HERO is the only **24/7 Advanced Life Support (ALS)** ambulance service in the country, and the only service with **MEVS ER Doctors** onboard the ALS units.

## NATURAL DISASTERS

HERO has provided **extensive** support and **leadership** alongside partner agencies during every major **natural disaster** to hit **Haiti** since 2016. Most notably the **2021 earthquake**. HERO's response saw us **treating and flying 100s** of patients a day and managing **multiple** field hospitals.

HERO also stays to manage the after-care of patients when the response is finished. Doctor house-visits, transportation to follow up appointments, and arranging transportation back home when medical care is completed **are all done by HERO**.

## COVID-19 RESPONSE

HERO was a major player in the response to COVID-19. In an **18 month** period HERO coordinated, tested, and processed over **150,000 COVID tests**, 100s a day.

HERO simultaneously treated, transported, and medevaced **100s of critical COVID-19 patients** during the pandemic.

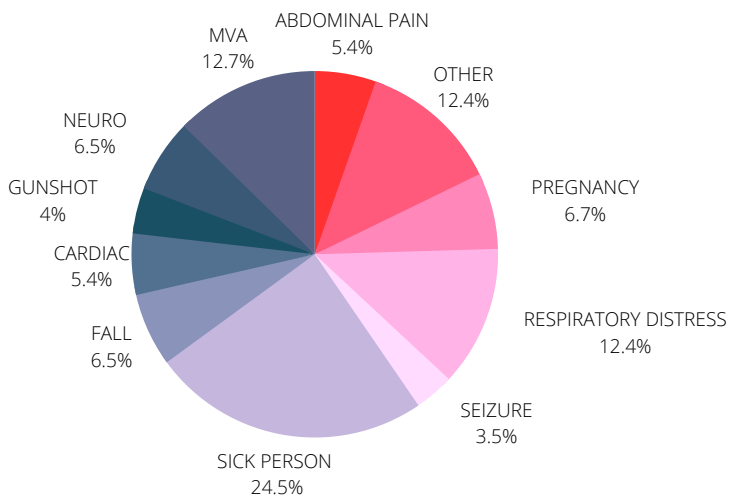

# HERO OPERATIONAL DATA 2022

2022 WAS A **TOUGH YEAR** FOR HAITI. MANY HAVE FLED OUR COUNTRY. DESPITE THE CHALLENGES, WE ARE STILL **INVESTING** IN HAITI. IN 2022 WE **DRAMATICALLY EXPAND** OUR CAPABILITIES, AND WILL KEEP THE MOMENTUM IN 2023

**390**  
MEDICAL  
RESPONSES

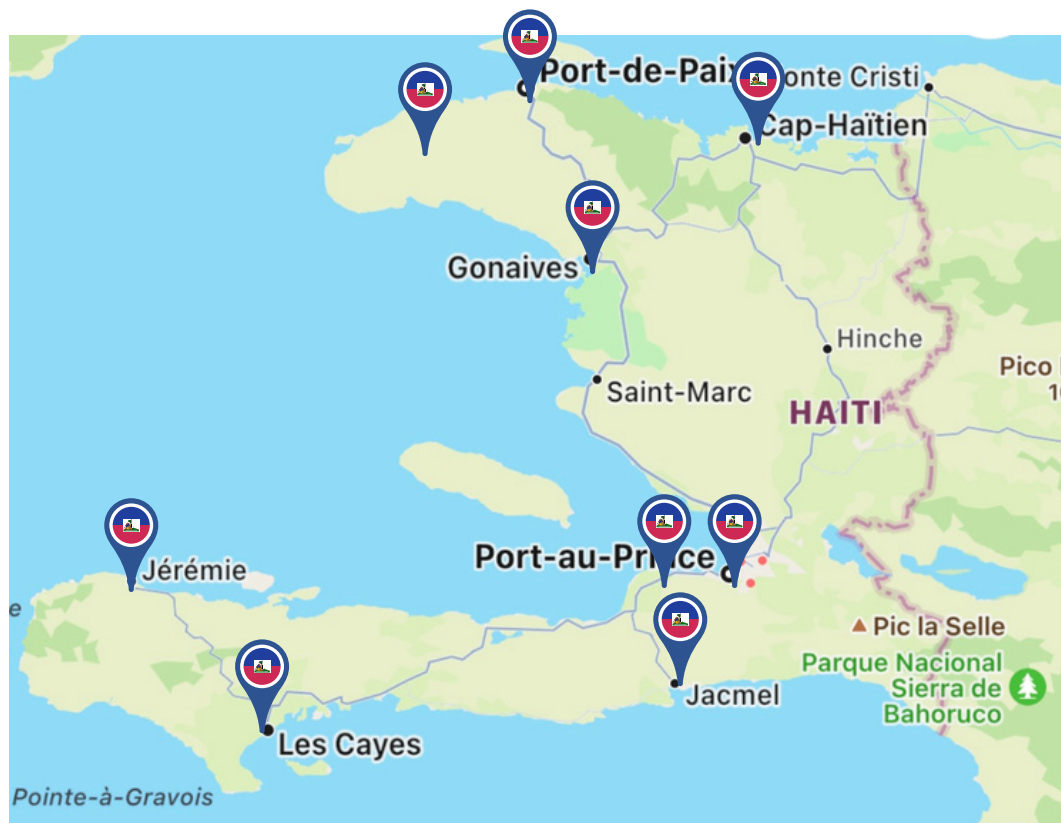

**\$100,000+**  
IN CHARITABLE  
CARE

**70**  
MEDEVACS

## TYPES OF CALLS

- Over **half** of our calls required one of our ER **Doctors** trained in Advanced Level Care
- We responded to **8** Mass Causality Incidents in 2022
- 20% of our calls were for **children**
- 119 of our calls were **Trauma**
- We transported our patients to over **30 different hospitals**

## HERO FLIGHT PROGRAM

With the introduction of our **new flight program**, HERO was able to respond to medical calls **all throughout Haiti**.

In addition, with our flight program, and contacts with other agencies, we were able to **medevac patients internationally** to **Cuba, Dominican Republic, and the United States**

# BITAR BROTHERS

## PIONEERING HAITI

Doctors Bitar and Bltar, who obtained their medical degrees in France, have helped **pioneer surgery** in Haiti.

Most notably implementing the protocols and teaching **laparoscopy** to surgeons throughout Haiti.

The brothers are also credited with **transforming operating room** standards and surgery protocols **nationwide**.

## BERNARD MEVS MEDICAL DIRECTORS

Doctors Bitar and Bitar have **dedicated** their lives to the **advancement of medical care** in Haiti for over **two decades**. Most notable, being the **medical directors** of one of Haiti's most **prestigious** Hospital, **Bernard Mevs**.

Bernard Mevs treats over **35,000+** patients a year. With many of these patients being the most **complex** cases in Haiti, Mevs has set the **standard** for **trauma** and **critical care** nationwide.

## COMMITMENT TO THE POOR

The **BITAR** name has become a **household name** in **Haiti**. Not for their countless medical achievements, but for their **commitment** to their **country**.

They have **dedicated** their lives to **servng** all **Haitians**, regardless of economic status, providing **countless surgeries** for little to **no cost**.

# HOW CAN YOU HELP?

## BRIDGING CRITICAL MEDICAL AND EMERGENCY INFRASTRUCTURE GAPS IN HAITI

As **leaders** of **Medical Care** in Haiti we have recognized a major **gap** in **Pediatric** and **Maternity** Care. We are attempting to **bridge** that **gap**, but are in need of **support**.
